Chat bot:

The screenshot displays the IBM Watson Assistant web interface. The browser tabs include 'IBM Watson Assistant', 'violet western skites for kids', and 'Inbox (1,118) - essakisuriya.ug'. The URL bar shows a long alphanumeric string. The interface header includes 'IBM Watson Assistant', 'Life', 'Upgrade', 'suriya chatbox', and 'Learning center'.

The main workspace is titled 'Hi Smart Fashion Recommender!!'. On the left, the 'Conversation steps' panel shows a sequence of three steps:

- Step 1:** 'What can i do for you!!!'. A user input bubble shows 'I want to buy...'. Below the input is a 'Continue to next step' button.
- Step 2:** 'Which Type To gender?'. It features two buttons: 'FEMALE' and 'MALE'. Below is another 'Continue to next step' button.
- Step 3:** '2 is FEMALE'. It shows a text input field with 'female' and two buttons: 'women' and 'kids'.

A 'New step +' button is at the bottom of the steps panel. The central 'Assistant says' panel shows the current step's configuration, including a text input field with 'What can i do for you!!!', a 'Greet customer [default]' action, and a 'Welcome, how can I assist you?' response. Below this is a 'Preview' window showing a chat conversation with the bot's name 'Hi Smart Fashion Recommender!!' and the user's input 'I want to buy a dress'. The preview also shows the bot's response 'Welcome, how can I assist you?' and a 'hi' bubble. At the bottom of the preview, it says 'Use the up arrow for prior messages'.

The bottom of the screen shows a Windows taskbar with a search bar, several application icons, and system information: '33°C Mostly cloudy' and '2:21 PM 11/19/2022'.
